

GREETINGS ADVENTURER!

Welcome to SwishSwoosh's free sound pack for your Game Jam! Inside the pack, you'll find a curated selection of sound effects from our extensive library. Use them wisely to elevate your game to the next level.

To help you get the most out of our sound pack, we've included a helpful "Guide" in the folder.

Don't forget to take a look at the "License Details" pdf. We wouldn't want any misunderstandings leading to unwanted visits from those pesky elves. Happy jamming!
